# High-Level Nuclear Waste

## Workshop and Short Course

### May 5-7, 2008

### Idaho Falls, Idaho

The third annual ACE workshop will be hosted by the the Idaho universities at University Place in Idaho Falls. Events include a one-day technical short course followed by a two-day workshop. Sign up for one or both.

- Day 1: Short course on spent fuel processing and high-level waste treatment (CEU credits available)
- Day 2 Workshop: High-Level Waste and YMP
- Day 3 Workshop: High-Level Waste and Idaho including a public forum on the Idaho-DOE waste agreement

Registration is free. More information, registration, and abstract submission:
